

Mission

The Quetico Foundation-US's mission is dedicated to the protection of wilderness, with a focus on Quetico Wilderness Provincial Park. Our vision is to be recognized as an influential and credible leader in the protection of wilderness values and ecological integrity.

Why Get Involved - Protection

The foundation is prepared and actively involved in preserving Quetico Park and other threatened wilderness areas. Because Quetico and BWCA share the same watershed and resources, we campaign at the local and state level. We regularly meet with local stakeholders, and work with corporate, industrial, government, environmental and cultural sectors to protect Quetico.

Why Get Involved - Promotion

The foundation leads two innovative programs to introduce youth to the values of the wilderness – A Quetico Wilderness Youth Program (AQWYP) and the Summer Student Research Program.
